## **ABOUT THIS PLAN**

With 4 bedrooms and 4.5 baths huddled around the spectacular great room, "Huddlestone II" offers a great plan with an exceptional use of space. The large great room area with vaulted ceilings is complete with a fireplace and opens into the spacious kitchen finished with granite countertops and a large island. Retreat to the entry or rear covered patios that offer a surplus amount of shade and a serene setting on any given day. Added to the primary bedroom and bath, the 3 additional bedrooms provide plenty of closet space and two bathrooms. This highly desirable plan is perfect for numerous ways of life, but especially for multi-generational families. The plan is rounded out exquisitely with a 3-car garage. The 2nd floor is home to a large bonus room featuring a full bath and walk-in-closet.
