ABOUT THIS HOUSE

If front porches are your love language, then the Bennett is serving up a double portion for you. This two-story stunner boasts 4 bedrooms, 3 ½ bathrooms, and a bonus room to boot! The stacked front porches on the front of the home are a striking entrance to this warm home. Entering the great room, you'll immediately admire the large, open combined living space complete with a fireplace and breakfast bar leading into the kitchen. Speaking of kitchen, this one is full to the brim with plenty of cabinets and tons of countertop space. A large pantry is not the only storage space downstairs – there is also an under-the-stairs storage closet and a walk-through laundry area that leads into a giant master walk-in closet. The master suite also includes a garden tub, roomy shower, double vanity, and double doors off the master bedroom that open onto – you guessed it – another porch. This side porch also provides access to the kitchen and the two-car garage. Upstairs you'll find three additional bedrooms, two full bathrooms, and a large bonus room that opens onto the second floor's front porch.
